Dalkey Castle & Heritage Centre is situated in the picturesque, coastal, heritage town of Dalkey.

You can build relationships within your team or forge connections with international delegates while experiencing Ireland's rich heritage.

Dalkey Castle (aka Goat Castle) dates back to 1390 and has Battlements, Arrow-looped windows, Garderobe and Machicolation. Go carefully under the Murder Hole!

Costumed actors bring the history to colourful life.

The Archer will let you try out the ancient Irish longbow. The Barber Surgeon has medieval ways of curing your ailments!

The Cook will give you mouth-watering recipes, including a taster of her favourite, traditional Irish Mead.

The Castle also houses a Writers' Gallery which celebrates the work of great Irish writers and creative artists from Joyce to Bono and Beckett to the world-famous Maeve Binchy who lived locally.

Guided Maeve Binchy and Irish Writers Walks and literary stage shows also available.

Bodhrán Buzz Taster Session

This will be led by Irish Champion Bodhrán player, Robbie Walsh. After the living history tour, get your wrists moving, your toes tapping and have fun with a traditional Irish musical instrument, the Bodhrán.

The Bodhrán takes us back to our Celtic roots and Gaelic traditions (also seen at football matches). It is made from goat skin... so traditional to Goat Castle! Robbie, in a short space of time, has everyone joining in the fun of playing Irish jigs and reels. This is an unforgettable experience.
